

PLAYER & INDIVIDUAL PATHWAY

The Barrie Cardinals PI Pathway Program is integral in the development of our members both on and off the field. It is our mission to inspire these young minds into a high a level of self belief and confidence. Developing a positive combined with talented mindset. A mindset that will carry these children through their experiences for life.

The Cardinals PIPP is the main component and path our young Cardinals are on. It is a path that is connecting its community to the game of soccer in Ontario. As our club expands and our children get older, the connection can continue to evolve.
